

## React Standard Course

Learn A-Z of React or ReactJS from Experts in Delhi

### Mode:

Classroom and Online

### Duration:

1½ Months

React has become the most popular framework to build mobile applications. When used along with JavaScript, it allows developers to create applications. **Standard React course** offered by our training institute has been designed with the aim of giving you the benefit of maximum learning.

The **React JS classes** will be conducted by the trained faculty who have years of experience in this domain. Along with the technical knowledge you will be given ample amount of time for practice and after completion of the classes, you will be awarded with the certificate that you can use to show your acquired skills.

### Objective of this Course

The objective of our training institute to introduce this course to the potential students is to make them familiar with the essential ReactJS concepts in the simplest & creative way so that by the end of the React JS classes, they will be able to create a rich user interface.

Also, our institute is having professional React instructor who will be focusing on the areas that involve ReactJs installation, usage as frontend framework and how to bind it with backend API'S.

### Eligibility to Join React Standard Course

Any individual who possesses the knowledge of **HTML, CSS, and JavaScript** fundamentals is eligible for joining our **React Standard course**.
