

Digital Painting Standard

Learn How to Paint Digitally Using Photoshop, Illustrator, and Sketchbook

Mode:

Classroom and Online

Duration:

4 Months

To give a new dimension to the old painting techniques, we have designed this 4-month long **digital painting course** for individuals who possess an eye for visual aesthetics. This is a comprehensive course on digital computer painting techniques created essentially for **animation & post-production students** who need to create backgrounds, 3D textures, and surfaces. Along with theoretical concepts, students will be receiving extensive software training as well.

Eligibility for the Digital Painting Standard Course:

Any individual can be a part of this program. However, additional knowledge of sketching and computer will serve as an added advantage.
